DESCRIPTION

Under current law, third class cities are required to elect a mayor, police judge, attorney, assessor, collector, treasurer, and, except in cities that have adopted a merit system police department, a marshal. This bill exempts third class cities that have contracted with another entity for police service from electing a marshal.

The bill also exempts third class cities from electing an assessor or collector if the city has contracted with either a public or private entity for the assessment or collection of property taxes. Under current law, the position of collector or assessor can only be nullified if the city contracts with the county for these services.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
